MEET THE HME SIGNATURE SERIES

HME is dedicated to providing our clients with the very best products. Over the course of 25 years, HME has been at the forefront of delivering, servicing, and managing medical products for clients in communities across British Columbia.

By working with diverse groups of clients and families in many unique situations, HME has found that many people want is locally-made products that deliver optimal quality and superior value.

In 2020, the founders of HME, Robert and Cameron, designed HME's signature line of products to meet the above precepts. They believe that every product in the HME Signature Series must align with the following commitments and ideals:

1. Products are designed, manufactured, and distributed by locally-owned and locally-sourced Canadian companies.
2. Site tours are undertaken to ensure a close relationship with the manufacturers who create and add value to this unique line of high-quality products.
3. All HME Signature products offer the best quality and provide a minimum one-year warranty to guarantee product satisfaction.
4. Products are tested annually by HME.
5. HME Signature products are stocked in all HME locations.

HME is proud to launch the HME Signature product line with five (5) flagship products described in this brochure. Each has been locally sourced and tested, and is exclusively distributed through HME.

We profoundly and whole-heartedly hope you enjoy these products.

Sincerely,

Robert Boscacci & Cameron Fleming
Co-Presidents of HME

SIGNATURE SERIES **PRODUCT LINEUP**

EXCLUSIVELY AVAILABLE & IN STOCK AT ALL HME LOCATIONS

HME LTC 9000 Mattress

HME Positioning Sling

HME Tilt Chair Program

HME MOVE Wheelchair

HME Overbed Table

HME LTC 9000 MATTRESS

HME POSITIONING SLING

SKU: LTCAP6SQ4G-60

MSRP \$1,275

Our versatile design allows for multiple configurations to meet specific patient needs. The mattress uses a combination of interchangeable foam and/or air inserts to optimize care and comfort. Additionally, a removable fluid-proof, non-allergenic, antibacterial, anti-microbial 'single envelope' cover protects internal components and ensures easy cleaning.

SKU: 116302HME

MSRP \$385

Designed for supine transfers, as well as repositioning a client in bed, it can also be used to turn someone onto their side. A positioning sling is available with or without elastics and handles and can be used with any compatible ceiling lift that accepts loop-style slings.

Size: 42" x 78"

Sling Fabric: Spacer

Pressure Distribution:

The optimum choice for individuals at risk of pressure sore development, which may be caused by air-filled or gel inserts that over time may change location.

Gel-in foam – Gel-infused viscoelastic foam provides superior pressure distribution plus the cooling effect of the gel

Firmness:

Firmness may be adjusted to suit patients' needs. Medium-firm viscoelastic foam – conforms to body contours, providing superior pressure redistribution

Transfers:

Optimal for bedside stability – it prevents entrapment from full-height transfer borders. 6-inch transfer border adds firmness along sides.

Bed Mobility:

Will vary depending on the inserts selected. The viscoelastic top layer may impair bed mobility for some individuals.

Temperature:

It is the best choice for preventing heat build-up and sweating caused by gel or air-filled inserts.

The black Spacer fabric allows the sling to be:

- Breathable through a knitted polyester fabric
- Have multidirectional stretch helping to distribute pressure and mould to the user
- Water permeable, making the material an excellent option for bathing

HME TILT CHAIR PACKAGES

HME's Tilt Chair program offers rentals, starting day one, to clients – with 100% of the fee going towards the buyout of any tilt wheelchair. Additionally, 50% of the second, third, and fourth months' rental also may be applied to a buyout. This program includes a choice between three different tilt chairs and two cushion options for the Bronze and Silver packages. More cushion options are available for the Gold package. Free delivery and setup are also included.

ROHO Cushion

Zentury Cushion

BRONZE PACKAGE: Stellar GL Tilt Wheelchair

Premium Tilt Wheelchair Rental: \$325/month

Designed to provide pressure relief, improved positioning, and independence, the Stellar GL is a manual tilt-in-space wheelchair that offers up to 45° of tilt while maintaining low occupant knee rise. This permits it to be maneuvered under tables, even while in tilt.

Stellar GL + ROHO Cushion Buyout: MSRP \$4,295

SKU: HMESTELLARTILTROHO

Stellar GL + Zentury Cushion Buyout: MSRP \$3,995

SKU: HMESTELLARTILTFOAM

SILVER PACKAGE: Fuze T50 Tilt Wheelchair

Basic Tilt Wheelchair Rental: \$260/month

The Fuze T50 Manual Tilt Wheelchair provides 50 degrees of tilt and a zero-center of gravity shift. A unique tilt system makes it look and feel like a high-end ultra-light-weight wheelchair. The Fuze T50 is easily maneuverable either in-tilt or out-of-tilt, providing the user with increased independence.

Fuze T50 + ROHO Cushion Buyout: MSRP \$4,495

SKU: HMET50TILTROHO

Fuze T50 + Zentury Cushion Buyout: MSRP \$4,295

SKU: HMET50TILTFOAM

GOLD PACKAGE: IRIS Tilt Wheelchair

Premium Tilt Wheelchair Rental: \$325/month

The IRIS features a rotational tilt design based on the idea of a seat-frame that rotates around a user's centre-of-gravity. Combined with up to 55 degrees of posterior rotation and hi-resolution adjustment, this provides the ultimate in control, maneuverability, and stability.

Buyout pricing based on cushion combined with package since other premium cushion are also offered in this package.

HME MOVE WHEELCHAIR PACKAGES

The HME MOVE Wheelchair offers superior value and HME now offers it in two different packages. Readily available, these packages can ship within five (5) business days.

SKU: HMEMOVE2020
