

# Taking the Myths Out of Floor Lifts

## MYTHS

1. Floor lifts are hard to move
2. Storing a floor lift can be problematic because they are bulky
3. Floor lifts can't accommodate different height caregivers
4. They are expensive

### 'True' Floor Lift - Handicare Eva400

- \*Transfers to and from the floor, chair or bed
- \*Height-adjustable handle bars – comfortable and ergonomic working positions
- \*400 lbs weight capacity

**Myth Buster:** Unique arm design allows for comfortable use by a variety of caregivers.

### Facility Lift - Invacare Reliant 450 Low Base

- \*4.5" under the bed clearance allows easy access for transfers, making them smoother for user and caregiver
- \*Includes two 24V batteries and charging station to reduce downtime
- \*450 lbs weight capacity

**Myth Buster:** Easy to maneuver on most carpet and floors. High weight capacity.

### Residential Lift - Hoyer Advance Electric

- \*Foldable for compact storage; easily transportable,
- \*Unique tapered leg design allows the lift to get close to wide obstacles like wheelchairs, commodes & lift chairs
- \*340 lbs weight capacity

**Myth Buster:** Folding design allows for easy storage under a bed or in a closet. Lightweight and economically priced.

- \* Evaluate the key tasks you need your floor lift to be able to do
- \* Always think of the environment the floor lift will be used in
- \* Use the appropriate sling for your client's needs

To book a trial for any of the above floor lifts, or any of our other great products, please contact your local sales representative today.
