FEATURES

Adjustable comfort

The adjustable mattress deck height provides support while getting in and out of bed, customizable to the height and personal preference of the user.

Clean, elegant design

Various configuration options that fit any room decor, creating comfort and well being for users and caregivers.

Comfort Deck reclining surface flexes to provide ultimate comfort to the user.

Each section of the frame can be easily removed for thorough cleaning.

Illuminating hand controller

The bed frame is adjusted with a hand controller that is conveniently located at the side of the bed. Simple images on the pendant indicate which buttons control various sections of the bed. Buttons illuminate in the dark for easy visibility.

ONE-TOUCH POSITIONING

The hand controller features various pre-set positioning options including Chair, Auto Contour, Mobility Assistance, Trendelenburg, reverse Trendelenburg and more, giving the user security and comfort at the touch of a button.

+ Mobility assistance
